

H3 TEAM _UI ASSET

ANDORID _YWWAC

PURPOSE

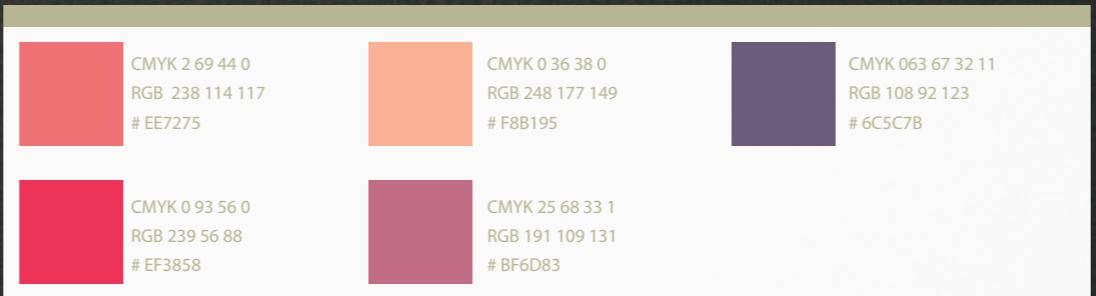

The app that is being created is for the Younger Women's Wellness After Cancer study.

DESIGN_PURPOSE

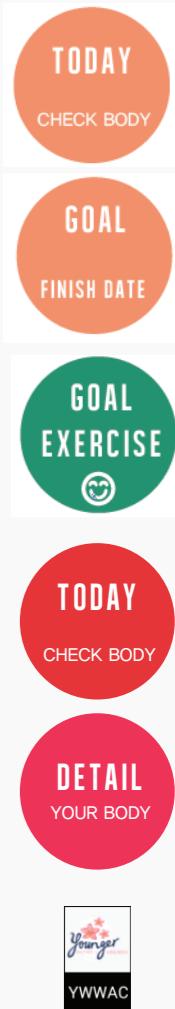

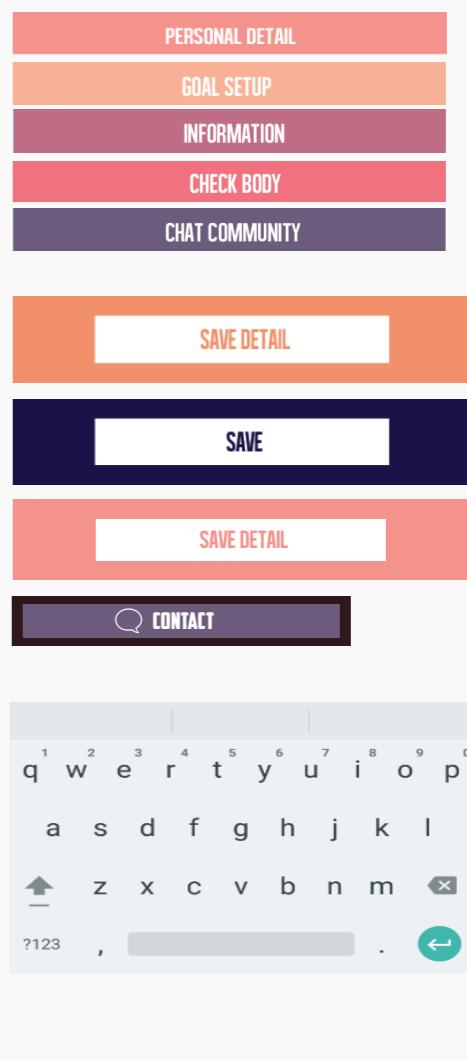

- YWWAC application is concentrated for women who suffered cancer.
- According to main logo concept, our application design main colour and concept.
- User Interface (UI) Design focuses on anticipating what users might need to do and ensuring that the interface has elements that are easy to access, understand, and use to facilitate those actions.
